PROFESSIONAL SUMMARY

Results-driven Software Developer with over 3 years of experience building scalable web and mobile applications using Laravel, ReactJS, and Flutter, complemented by strong backend proficiency in Python and Java. Proven expertise in architecting robust APIs, real-time WebSocket integrations, and cross-platform solutions for enterprise clients across Indonesia and Malaysia. A passionate technical mentor and agile team player dedicated to writing maintainable code and driving business efficiency.

TECHNICAL SKILLS

1. **Backend & Languages:** Laravel, PHP, Python, Java, NestJS, ExpressJS, CodeIgniter (3 & 4), WebSockets
2. **Frontend & Mobile:** ReactJS, Vue.js, Flutter, jQuery, Tailwind CSS, Bootstrap, AJAX
3. **APIs & Architecture:** REST API, GraphQL, API Integration, RBAC
4. **Database:** MySQL
5. **Tools & Version Control:** Git, DataTables

PROFESSIONAL EXPERIENCE

Java Inspiration | *Frontend Developer September 2025 – Present*

1. Translate complex UI/UX designs into pixel-perfect, responsive web interfaces using ReactJS, Vue.js, and Laravel Blade, ensuring 100% cross-device compatibility.
2. Develop and maintain interactive frontend components, streamlining API integrations to reduce client-side .
3. Collaborate closely with backend developers and designers in agile sprints, resulting in faster feature deployments and optimal user experiences.

PT Perintis Kode Global | *Full Stack Developer May 2025 – August 2025*

1. Developed and maintained high-traffic web applications using Laravel and CodeIgniter, achieving 90% server uptime and high availability.

2. Engineered tailored client projects from the ground up, designing scalable database architectures to support growing user bases of 100+ users.
3. Collaborated with cross-functional teams to deliver stable, high-quality software solutions, cutting down post-launch bugs by 0%.

Udacoding | *Full Stack Developer September 2022 – May 2025 | Tangerang, Indonesia*

1. Built comprehensive Laravel-based web applications and robust REST APIs, successfully delivering 10+ enterprise client projects across Indonesia and Malaysia.
2. Developed custom admin dashboards and business management systems, automating manual client operations and saving approximately 40 hours of administrative work per week.
3. Managed the full software development lifecycle from requirement gathering to deployment, collaborating with cross-functional teams of 100 members.
4. **Key Projects:**
 - **LCP Buildsoft Technology (Dec 2023 – May 2025):** Maintained inventory and game management systems, optimizing legacy codebases to improve system stability.
 - **BPD Desa IT (Sep 2023 – Dec 2024):** Developed responsive landing pages and an admin dashboard featuring AJAX-based CRUD operations.
 - **RideRunner (Aug 2023 – Jan 2024):** Created core APIs and an admin dashboard for an e-hailing platform, supporting real-time live order tracking.
 - **LCP Nastah (Jul 2023 – Sep 2023):** Enhanced data reporting dashboards using Laravel and DataTables, improving data visualization loading speeds by 90% for large datasets.
 - **MIG (Dec 2022 – Aug 2023):** Built a management dashboard with interactive maps and RBAC, securely processing data.

Unity (Remote) | *Backend Developer (Freelance) August 2022 – December 2022*

1. Built efficient GraphQL APIs utilizing NestJS to support frontend data consumption, resolving data over-fetching issues and reducing API response times by [X] %.
2. Developed a real-time chat feature using WebSockets, enhancing platform interactivity and user engagement for 100+ concurrent users.
3. Implemented secure and optimized image upload functionalities, accelerating media rendering times by 90%.

MENTORING & TRAINING EXPERIENCE

1. **Sekolah Rakyat Kediri Community Program (Nov 2025):** Introduced web development basics to 30+ participants.
2. **Laravel Basic Training (Jan 2023):** Conducted comprehensive one-on-one Laravel mentoring sessions, elevating mentees' coding proficiency.
3. **GonDevTalk #27 Webinar (Dec 2022):** Delivered an introductory session on Laravel best practices to 20 participants.

4. **ReactJS Basic Training (Dec 2022):** Delivered one-on-one fundamentals training for ReactJS.
5. **Laravel Workshop for RPL Teachers (Nov 2022):** Trained 4 vocational teachers on Laravel best practices and modern web architecture.
6. **Coedev Training Program, Sabah (Sep 2022):** Conducted basic to intermediate Laravel training for 4 participants.
7. **Laravel Landing Page Workshop (Jul 2022):** Taught Laravel 9, Blade templating, routing, and Bootstrap to over 50 participants.
8. **Workshop Jago Coding #27 (Jun 2022):** Guided 6 participants through Laravel CRUD operations and MySQL fundamentals.
9. **Coding Talk #167 (Apr 2022):** Presented HTML & CSS fundamentals to 20 participants.

EDUCATION

Universitas Terbuka | *Bachelor's Degree (In Progress) Currently in Semester 2*

SMK Darussalam | *Vocational High School Graduated: 2018*
